

4 Refs on 3 Courts			
	Court 1	Court 2	Court 3
Round 1	A	B	C
Round 2	D	B	C
Round 3	D	A	C
Round 4	D	A	B
Round 5	C	A	B
Round 6	C	D	B
Bracket 1	C	D	A
Bracket 2	B	D	A
Bracket 3	B	C	A
Final	B (D)	C	D
Ref A (7)			
Ref B (8)			
Ref C (8)			
Ref D (7)			

****NOTE:** If only one court (Court 1) has four rounds of play in the bracket – this is typically the Gold bracket – it is possible the other two courts might only have three rounds instead of four. This is 28 matches, not 30. In that case, Referees C and D lose their last match (shaded in gray). This gives Ref C - 7 matches and Ref D only 6, while Ref B still has 8. Simply replace Ref B on their last match with Ref D (in parenthesis above). This will give everyone 7 matches.
